VOL. 35. No. 15

Election Returns.

had been forecasted by both news and politicians of national reputation. Tuesday's election was a veritable landslide to the Republicans, for Warren G. Harding, the Republican candidate, sweeping the county one of the greatest electoral popular majorities ever given a state in the history of this country. While the complete returns from the close states are yet lacking, it is known to show that the Republicans were overwhelmingly victorious Tuesday's contest.

Now will be found a partial report of result in this county, the figures on the amendments and offices not yet being available. It will be observed that the Republican candidate for representative, the 116th district, but taking the state as a whole it is probable that Morris, his Democratic opponent, returned to the legislature by approximately 500 majority.

ably in a subsequent issue we will give the result as to the amendments and precinct offices.

Martin-Hall.

Notice of the wedding of Mr. E. F. Martin and Miss Lizzie Hall has been received in Hondo. The wedding was solemnized in San Antonio last Monday. Miss Lizzie has many friends among our people, all of whom join in wishing her a long and happy wedded life.

District Court.

After a four days recess, to enable attorneys, witnesses and all others who desired to do so, to return to their homes for the election, the district court re-convened Thursday morning.

When news reached Judge Burney that one of the alleged perpetrators of the burglary of the Citizens Motor Car Co. Garage had been captured, he notified the local officers to re-convene the grand jury for the purpose of making an investigation of the affair. The grand jury returned two indictments against Frank Guss, one for the theft of the Martin truck, the other for house breaking.

In the case of the State vs. Benelado Carrillo, charged with rape—on trial last week—the jury returned a verdict of guilty and assessed his punishment at confinement in the penitentiary for a term of eight years.

In the case of the Medina Oil Development Company vs. J. E. Murphy et al, a judgment for defendants by demurrer was rendered. Notice of appeal was given.

The case of Andy Schuster vs. Geo. W. Hester et al was on trial Thursday evening. The case was tried the first week of court, but owing to the vagueness of the judgment returned, the Judge set aside the verdict and ordered a new trial. A judgment for plaintiff was the final verdict.

The following are serving as jurors this week: O. H. Miller, Geo. Neuman, G. A. Grell, Henry Schuehle, Jr., Reilly R. Carle, Nick J. Fohn, Ben Langfeld, Herman Poerner, Emil Biry, C. J. Oefinger, Albert Bilhartz, J. A. Watson, S. G. Wilson, Horace Bradley, J. S. Fly, J. G. Heyen, Toby Koch, A. C. Thallman, R. L. Nixon, Will Holloway, V. A. Crow and Eugen Huesser.

FOR SALE—50 stock hogs, also 2 pair of farm mules on my stock farm 4 miles south of Yancey. N. W. Ward, Yancey Texas. 15-2t.

Schneider-Reinhart.

On last Tuesday afternoon at 5 o'clock, at the home of the bride's mother, the marriage of Miss Nellie Schneider and Mr. Edgar J. Reinhart was solemnized. The ceremony which united the lives of these two well-known and popular young people was performed by Rev. Arthur S. Allen, pastor of the Baptist Church.

Only the immediate family of the bride, the brother of the groom, Mr. Oliver Reinhart, and the sister of the groom, Miss Lena Reinhart and Mrs. Allen witnessed the ceremony. The home had been artistically decorated with pot plants and ferns for the occasion.

The bride was dressed in a beautiful coat suit of midnight blue—blue hat with grey silver-toned veil, grey gloves and other accessories were also grey.

Immediately after the wedding the happy young couple left in a car for San Antonio, where they were to take the train for north Texas for a short bridal tour—they probably will visit in both Dallas and Paris.

The bride is known by all our people, having lived here with her mother and brother for some ten years. "Miss Nellie" as she was called by all who knew her, endeared herself to one and all with her sweet disposition, her kindly interest in all that surrounded her. Her never failing courtesy made her a popular saleslady at the store where she had been working for quite a while.

The groom, the fortunate young man, in the case, likewise comes of an old and well known family of D'Hanis, Texas. Mr. Reinhart is now in business in San Antonio and is a promising young man with many qualities which go toward making a successful life.

The best wishes of all their friends follow these young people as they start out together to make a place in the world. San Antonio will be their home for the present.

Unknown Boy killed.

By the wreck of an east-bound freight train at Quihi Siding about two miles east of Hondo, between 12:00 and 1:00 o'clock last Monday, an unknown lad lost his life. The freight was taking the siding to make way for the passenger when the engine and two empty box cars were derailed. The box cars were crushed into kindling and the boy, who was concealed in one of the wrecked cars, was instantly killed.

The body of the boy, who apparently was about sixteen or seventeen years of age, was brought to town and his clothing thoroughly searched in an effort to find something by which his identity could be established; but nothing could be found, and probably some fond mother is anxiously awaiting a letter from her boy which will never come.

Deceased was dressed in a neat suit of brown under a suit of overalls, was of dark complexion, black hair and brown eyes. His underclothes and person were clean, showing that he was not an ordinary hobo, but some unfortunate boy who had been overtaken by adversity and was probably trying to make his way home.

By order of a railroad official, who happened to be in town, the body was turned over to McClaugherty & Harger to be prepared for burial, the company to stand the expense.

Every possible thing that may ultimately lead to his identity was noted, and possibly some day, by some of these apparently insignificant notes, some mother may learn of the unfortunate fate that overtook her loved one. Photographs were taken of the body. These will probably prove the most important in establishing just who the boy was.

Several ladies, and particularly Mrs. Haralson, took a motherly interest in the body and helped to prepare it neat-

ly for burial. The funeral occurred at 5:00 o'clock Tuesday afternoon, Rev. J. M. Alexander officiating.

We understand some inquiries have been received concerning the boy but thus far no one has claimed the body.

Red Cross Drive.

The Fourth Annual Roll Call of The American Red Cross will begin November 11th and continue to November 25th. The local chapter will begin their membership drive on next Thursday—Armistice Day. Booths, in charge of members of the Red Cross, will be placed on College Square, and those desiring to renew their membership in this organization are urged to visit the Red Cross Booths.

In addition to the membership drive, the members of the Red Cross will manage the "Tag Day" for the American Legion. This is a state-wide campaign to procure funds for the American Legion Memorial Tubercular Hospital at Kerrville, where ex-soldiers suffering with that dread disease, tuberculosis, are treated and given a chance to regain their health.

Wiemers-Schulte.

Mr. M. F. Wiemers and Miss Hulda L. Schulte were married at the Lutheran Church Wednesday afternoon. Rev. A. Falkenberg officiating.

In the marriage of this popular young couple two of the most prominent families of the county became connected. These young people are "native to the manor born", and number their friends by their acquaintances.

That their wedded life may be a long one of unalloyed happiness is the ardent wish of all our people.

One span good, small mules, well matched, for sale for \$150. One Jersey and red poll milch cow for \$90. Lee Ward. 15-4t.

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

When a Woman is Nervous—Worried

The lives of most women are full of worry. Men's troubles are bad enough, but women's are worse. Worry makes women sick. It pulls them down, and in their weakened condition they are subject to pains, aches, weakness, back-aches, headaches and dizzy spells.

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-around tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

SAN ANTONIO, TEXAS.—"For about three years I have been in a run-down condition. I would be so weak at times I could scarcely get around. I was extremely nervous, could not sleep and I was in a miserable state when I was advised to try Dr. Pierce's Favorite Prescription. I have not taken all of one bottle but am feeling better than I have for a long time. I am going to continue its use for I know it is helping me more than any medicine I have taken." —Mrs. H. T. In Loving Memory Of Little Lorena Huegele.

Little Lorena Huegele, daughter of Mr. and Mrs. Pete Huegele, died Monday evening, Oct. 18, 1920, and was laid to rest in the family burying ground on Tuesday evening. Little Baby Lorena was two years, four months and five days old at the time of her death, and though her stay with us was short, her little life was filled with love, and her departure has caused many heart-aches and stifled a voice that we all loved to hear. Yet it was the will of God who is "All-wise and just."

"Another little lamb has gone. To dwell with him who gave. Another little darling babe Is sheltered in the grave.

Angels called thee, little darling, Called thee to their sunny home. And we know that thou art waiting for the dear ones here to come.

'Tis hard to break the tender cord Upon thy heart has bound the heart, 'Tis hard, so hard, to speak the words Must we forever part.

God needed one more angel child Amid his shining band, And so he bent with loving smile And clasped your darling's hand.

Oh, we long to hear the singing Of that bright immortal throng. Hear the gold harps gladly ringing In that happy land of song.

They had a little treasure once She was their joy and pride; They loved Lorena, Ah! perhaps too well For soon she slept and died.

Dearest Lorena, we have laid thee In the peaceful grave's embrace, But thy memory will be cherished 'Till we see thy heavenly face.

They miss thee from their home dear. They miss thee from thy place; A shadow o'er our life is cast They miss the sunshine of their darling's face.

And miss thy kind and willing hand And fond heart too, Thy fond and earnest care Their dear home is dark without thee They miss Lorena everywhere.

Sweetest, fairest, brightest flower, Darling of our heart's fond love; Oh, we miss thee every hour, Since the Angels called thee up above.

Yes, we will miss her very much— But our loss is Heaven's gain, And ere long we hope to meet her And forever there remain.

Angels called thee, little darling, Called thee, in thy early bloom; Now thy little form is lying In the cold and silent tomb.

Small, white hands are gently folded, Quiet now thy dainty feet; Brightest eyes are closed forever, Gone the smiles that were so sweet.

All is dark within their dwelling, Lonely are our hearts today, For the one we loved so dearly Has forever passed away.

Oh, Lorena, Dear, we loved you so Our hearts ache with grief and pain Dearest darling we beg you pray for us That in Heaven we'll meet you again.

Angels called thee, little darling From all care and pain away, To the realms of joy eternal, To that Land of purest day.

We will miss thee, oh, so sadly, No sweet cherub now to kiss; But we'll meet thee, little darling In the home of perfect bliss.

Therefore, dearest parents, And loving brother, too, Weep no more for dearest Lorena, Far above she prays for you all.

By a dear cousin who loved her, L. P.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

"Productive Soils."

As one travels over any agricultural country he can but be impressed with the evident manner in which the character of the soil stamps itself upon the people that dwell upon the land. Travel through a fertile, productive section and the evidence that the soil is generous in its bounty is everywhere. It speaks in prosperous appearing, comfortable homes, good farm equipment, good roads, attractive churches and modern school buildings. It permeates the very atmosphere, and manifests itself in the aggressive, forward-looking manner of the people. Pass into an area of poor, sterile, unproductive soil and you pass to a region of squalid homes, poor and unkempt roads, crumbling down churches and worse school houses. You meet a shiftless, discouraged people whose initiative has shriveled in a direct ratio with the diminishing yields of their acres, and an atmosphere of lethargy steals away your ambition here you are aware.

Verily, the soil is not alone the blood and bone and sinew of the people; it is the essence of their mental and spiritual development as well. The starving is a stranger to ambition, and the soul can know no heaven beyond its capacity to enjoy.

Not all soils are found in nature equally productive. They vary in many ways and most of them have their special adaptations. How to know their adaptations so as best to use them; how to know their limitations so as best to overcome or avoid them; how to render them most productive, most abundant in yielding man's sustenance, without at the same time exhausting or destroying them, is society's most interesting, most fascinating science and humanity's most vital problem. Upon the maintenance of soil fertility depends the destiny of nations and the hope of humanity.

To this important science of Soil Management the J. B. Lippincott Co., Publishers, of Philadelphia, Penn., have contributed a valuable piece of literature in "Productive Soils," by Prof. W. W. Weir, M.S., a 383-page text book dealing with many of the intricate problems of making mother earth produce the wherewithal mankind is fed and clothed.

The temptation to quote extensively from the book is strong, but a very brief excerpt must suffice.

"The most successful system of farming is that which gives the largest profit, increases soil fertility, and brings to the farmer and his family the largest amount of happiness."

Are you following such a system of farming? If you are you will want to read "Productive Soils." If you are not following such a system you should read "Productive Soils." Between love and duty in this instance there is no choice--follow either and you will read "Productive Soils."

The Election in 1916.

At the presidential election in 1916 the Democrats with Wilson had 277 electoral votes and the Republicans with Hughes 254 electoral votes out of a total of 531 votes. 256 votes are necessary to elect. The 20 Texas electoral votes went for Wilson, as Texas gave the Democratic Ticket 286,514 direct votes and Hughes only 64,999 votes, consequently the 20 electoral votes went for Wilson. In all the 48 States of the Union the Democrats had 9,129,606 direct votes for Wilson and the Republicans 8,538,221 direct votes for Hughes; Wilson receiving 591,385 popular votes over Hughes and 13 electoral votes. In all 18,528,843 votes were cast in the 1916 election.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy complexion, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

COULDN'T PUT IN FULL WEEK'S WORK

"I have gained twenty-eight pounds and all my old-time strength and energy have returned since I began taking Tanlac," said George L. Harding, a well-known longshoreman of 914 1/2 James street, Seattle, Wash.

"For two years," said Mr. Harding, "I had indigestion so bad everything I ate seemed to act like a jack-knife and I suffered constantly with headaches, constipation and dizziness. I had the rheumatism in my hips and legs so I could hardly lift anything--although I have been used to hard work all my life. Finally my troubles got so bad I could not work more than two or three days a week and I knew I couldn't keep going at all much longer."

"One night as I was sitting in the Union Hall, all doubled over with cramps in my stomach, one of the boys advised me to try Tanlac and sure enough it began to relieve my troubles right away. Now I eat anything I want and lots of it; the rheumatism has left me entirely and I work with the best of them every day. I hardly ever felt better in my whole life and Tanlac has set me so firmly on my feet it is a pleasure to give it my endorsement."

Tanlac is sold in Hondo by W. H. Windrow; in Castroville by Joseph Courand & Co.; and in Dunlap by Louis A. Haby.

HONDO TESTIMONY.

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Hondo resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Hondo recommendation. Then insist on having Doan's. You will know what you are getting:

B. H. Robinson, carpenter, says: "Several years ago I was troubled with my kidneys. I had to get up about three or four times at night to pass the kidney secretions which were scalding and highly colored. I had dizzy spells and black specks would appear before my eyes. My back ached and I had sharp pains in the region of my kidneys. A friend told me of Doan's Kidney Pills, so I got a box. That one box of Doan's regulated my kidneys and my back never aches now."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Robinson had. Foster-McBarn Co., Mfgs., Buffalo, N. Y.

HIGH-TOWN

On Friday last, the High School team challenged and played a town team, Mr. Howell acting as referee. The town team was defeated at the start but fought gamely. Miss Black went in as jumping centre during first half. Then "Dutzie" Davis started in her whirl-wind fashion and gave "Bugs" a hot fight in center. Some of the players on the town team were ex-stars and their rapid defeat goes to show the value of constant practice and consistent team work as exemplified in High School's snappy playing. The score for "high" was so great and for "town" so small that it is a kindness to with hold it from print.

13—PEARSALL; HONDO—13

On Saturday at 2:30 p. m., the Hondo girls snapped into play with every evidence of winning, the end of first half showing 6-4 in their favor. The Pearsall girls, being accustomed to playing without lines and, evidently, without most of the rules in the rule book, argued over all points of the game and gave the effect of a debating club in lively discussions—both sides dissolving in tears and Hondo's morale going under somewhat. The end of the second half found the score tied, 13-13.

The reward was a handsome set of Mavis Perfume offered by Fly & Mercer.

Notice to Cream Producers.

Hereafter we will ship cream as usual, but will not do any testing here. The creamery will do the testing in San Antonio and send your checks to us for distribution. This we think will be more satisfactory to the customers, due to the fact that they are better prepared and have expert men to do the testing, and will pay 57c per pound for butter fat. However, they will not accept less than 18 to 20 pounds from any one customer.

Close with Prayer.

Ed. Brucks, an erstwhile newspaper man but now gathering in the dollars of the realm as a farmer printer, poultry raiser and a few other industries, was here Tuesday, and dropped into this office. Knowing that printer folks are always on the ragged edge when food is involved, he brought us a Guinea bean. This is the most elaborate specimen of the bean family that ever came under our observation, one furnishing sufficient food for one meal for the entire neighborhood. Mr. Brucks says while it is called the Guinea bean he thinks it more properly belongs to the squash family, and is really nutritious. It is about a yard long and six inches in diameter and as a bean has the "yard bean" skinned several country blocks as to size.

Mrs. Regina Schmitt returned from San Antonio Tuesday, where she went with her son about a week ago. She reported Ira doing fine, and later reports from Mrs. Ira Schmitt confirm his progress toward his normal health. There seems but little doubt now but that he will soon resume his active duties in the affairs of life.

Frank Jungman "blew in" from the West Monday night. Frank has made quite a tour of the west, saw many erstwhile citizens of Hondo, is as brown as a berry and seems to be in the very pink of physical condition.

Miss Jessie Foster, who had been helping out in the exchange of the Southwestern Bell Telephone Co., returned to her home at Tarpley Monday.

Miss Ivy Franklin of Glen Flora has accepted a position in the exchange of the Southwestern Bell Telephone Company.

In the foot-ball game between Hondo and Pearsall at Pearsall last Saturday, the home boys were defeated by a score of 7-0. The Hondo team went to D. I. Rio last night where a game is to be played today with the team of the border city.

The little son of Mr. and Mrs. Emil Leinweber was bitten by a very large rattlesnake last Saturday. The boy was quite ill for awhile but is now rapidly recovering.

Mrs. R. G. Allen, after a week's stay at the bedside of her mother, Mrs. James Merriman, returned to her home at San Antonio Thursday.

Mr. and Mrs. Pete Jungman and Mrs. H. J. Meyer were San Antonio visitors Friday.

Miss Josephine Brucks was a San Antonio visitor Friday.

In the case of the State of Texas vs. Frank Guss, Guss plead guilty in both counts of the indictment and was given ten years in one case and two years in the other.

C. M. Thompson, one of the substantial citizens of our thriving neighbor town, Devine, was here Thursday serving as a grand juror. He dropped into the Anvil Herald office for an all too brief visit.

C. R. Gaines made a business trip to San Antonio Thursday.

Miss Dee Crow went to San Antonio Friday evening.

Good Minstrel Show Coming.

The old and reliable Virginia Minstrel show will appear under canvas one night only. This is now without doubt the largest and best of all real negro minstrels. Best of singing, dancing, comedy of a refined kind. High class vaudeville such as wire-walker, hooproller, juggling, contortionist, fire-eater and many feature acts, making this the show that is different because its better than the rest, and will surely please all who attend. Watch for Band Parade at noon and hear the concert at night. Remember one night only. Hondo Thursday, Nov. 11.

Mrs. R. J. Russel Entertains.

Mrs. R. J. Russel assisted by her mother, Mrs. Yantis, entertained the Bridge Club Friday afternoon. Halloween motifs were carried out in the decorations of marigolds, cosmos and a grinning Jack-o'-Lantern which was lighted as refreshments were served. The Jack-o' Lantern on the score cards were matched by the oranges which contained the salad. These were scooped out and carved in grinning faces. With the salad was served sandwiches, Southern pumpkin pie and hot clear tea. The guests included Mrs. Henry Merriman and her guests, her sister, Mrs. Stewart, and Mrs. Jones of Chicago, Mrs. John Heyen, Mrs. Frank Cockrell, Mrs. Oscar Miller, Mrs. Robert Decker and Mrs. Yantis.

Marriage Licenses.

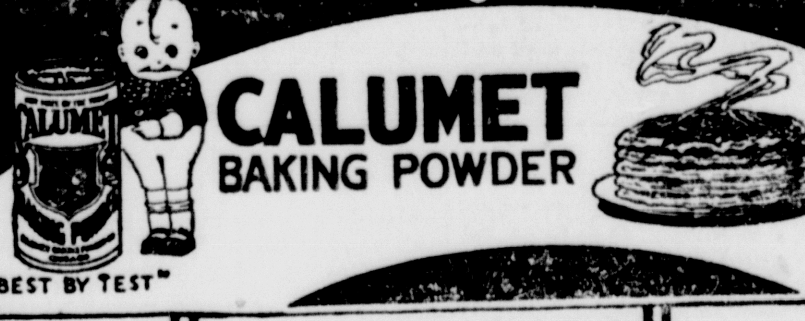

The following marriage licenses have been issued since our last report:

Mr. Mimke F. Wiemers and Miss Hulda L. Schulte, October 30th.

Mr. Oscar J. Reus and Miss Louisa Meyers, October 30th.

WHEN you buy eggs—you judge their value by freshness and the "dozen." When you buy silk you figure its worth by feel—beauty and the "yard." But—how do you arrive at the value of baking powder? You can't tell by appearances—by weight—bulk doesn't mean quality. There's only one way—and that is an oven test. Bythattest—Calumet always proves itself the best.

Never Fails - Never permits waste of baking materials

It is the most economical of all leaveners. Its price is moderate—you save when you buy it. It has more than the ordinary leavening strength—you use less and save when you use it. It never fails. There is no loss of baking ingredients. So, don't guess at Baking Powder value any longer. Measure it by results. Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Griddle Cake Recipe

4 cups flour, 4 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 3 cups milk. Then mix in regular way.

"Our Budget Plan will bring the New Edison this Xmas!"

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for you.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost,—and makes 1921 thrift pay for the balance.
